

# Nik Jones for Equal Opportunities Officer

My name is Nicholas Jones and I am running for the post of Equal Opportunities Officer. I am currently in my first year of Study after completing a Foundation Year last. I am studying Aeronautical and Mechanical Engineering.

I decided to begin a new adventure in my life, by coming to University after being a Chef for almost a decade. I didn't enjoy the career and only took it as a career as I didn't feel I was academic enough to be accepted into any University. After 10 years of being in the hospitality industry I realised I couldn't carry on with such a high stress and physically demanding job. I then decided to do something about it and follow on with something I used to enjoy in my teenage years, this being AirCadets. Since being here I have become Class Representative for my class, this year and last, played in both the Rugby and hockey teams, been on rides with the MTB Society and recently started a new campaign with the D&D society.

If elected, I will become the voice of students on the relevant committees ensuring that I challenge as well as work alongside the University where necessary. I believe everyone deserves a say and a chance to achieve nothing but the greatest. I will try my best to assure everyone from all backgrounds gets the same chance as each other to achieve this greatness. I will also be a strong voice on the Council making sure the Students Union is listening and acting in the student voice. After all the SU is run by students for the benefit and welfare of fellow students.
